

Monday 5th November 2018

Dear Parent/Carer,

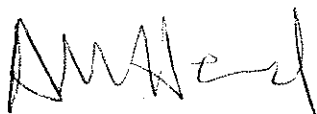

I am writing to inform you of a small research project that I am undertaking in your child's class as part of my Teacher Training. The aim of the research is to look at talk in the classroom and how this supports children's learning. In order to do this I will be audio recording a small group of children talking in the classroom. I have selected your child to be part of this small group. The recordings will be transcribed and anonymised so that no individual child can be identified, and will only be read by myself, members of the school and university tutors.

I am therefore writing to you to ask if you are happy for your child to take part in the study. The study will ensure that the child's day is not changed or disrupted in any way, and if you decide that you do not wish your child to be recorded, then this will not affect their usual activity in any way. You are also able to withdraw your child from this study at any time up to a month after the study has taken place without giving reason for your withdrawal.

If you have any questions about this study or do not consent to the recording, please contact Mr Hand/ Miss Senenko.

Thank you for reading this information.

Kind regards

Mr. A. Hand
Teacher Trainee
